

Residential Lighting Guide 2017v3.0

This lighting guide is designed to assist in the determination of the number of recessed Smart Lights recommended within residential dwellings. The following assumptions have been made in order to create this guide.

- 1/ Lighting fitting – Smart Light Fitting - DDLE10CT
- 2/ Ceilings height – 3m or less
- 3/ Light colored walls and ceilings with partial reflective surfaces
- 4/ Standard lighting level target per room. For rooms that require higher lighting level, eg. Kitchen, Workshop, Sewing or reading room etc. Multiply the table number below by two. (x2)
